## Old business:

Rob spoke on the Weatherfest 2011 event on February 26, that he attended at the UNF Amphitheater in Jacksonville. Toby jumped in with additional information.

Glen spoke about the Orlando Hamfest in February.

April 2nd is Railwatch in Folkston. The even was discussed with detail on the railway viewing platform and all the technology that is installed.

There will also be an Emergency simulation on April 2nd for North Florida and South Georgia.

There will be a eating meeting in May to plan for Field day in June. There is a possiblity of combining with NCARS at a 20 acre site in Nassau County, or do Field Day at the EOC again.

Tom read a quick summary of last meeting's minutes.

Glen spoke about involving some local schools in Ham Radio.

In October there will be a National Wildlife Refuge week. We could set up a special events station at the Okefenokee park.

Glen asked the attendees about what ham radio projects that each were working on.

The logo for the shirts is at Cintas. There was some discusion about ordering more shirts. Andy and Adell will investigate the logo art and get more quotes on shirts.

General will do the net for March, except for today because he is sick. Glen will fill in as net control tonight.
